

## Thank you!

Thank you for downloading our Weekly
Homeschool Checklist! We believe that tracking
progress not only keeps children organized but also
inspires greater engagement as they embark on
their homeschool journey.

### How to use:

Make daily tasks fun and organized with these engaging checklists! Not only do they help your kids stay on top of their responsibilities, but they also make it super easy for you to see at a glance if everything's getting done. Let your child choose their favorite design to make it uniquely theirs!

Print a new checklist each week to place in the front of a binder or planner, or take it up a notch by laminating it or slipping it into a page protector for use with a dry-erase marker—perfect for reusability!

Customize the checklist by listing out daily tasks like schoolwork, subjects, chores, or anything else that needs attention. Plus, use the space at the bottom to track those less frequent tasks you'd like your kids to build into their routine. It's a simple, fun way to encourage good habits and keep everyone on track!
